

GARDERMOEN INTERNATIONAL RACEWAY 7-10 AUGUST 2025

Program

SOCC

Welcome VW fans!

At long last it's time to forget about life and enjoy our youth! We are still as young as we were that day in 2002 when the first rubber was laid at SCC, we are obviously referring to mental age. SCC is always morphing and evolving, and 2025 will see the third installment of SCC Cash Day. This time sponsored by our favorite guys at **CSP Products** and **Jopex**! Judging by the excitement on the grandstands, Cash Days is here to stay. There will be a presentation of the drivers at Friday in the start area of the track. Be there to cheer them on!

The Show & Shine has an award show Saturday night at 18:00, and all cars on the venue are considered. The slalom

is again hosted by the amazing "Total Recall racing team" on the far end of the race track at 19:00 Saturday, meet up with the car at the spot 15 minutes before to enter. Anyone is welcome to participate, but keep it safe! Back by popular demand is "Trell" and they play Norwegian and international rock classics from the stage at 21:00. They rocked last year and received great reviews from the spectators. With the addition of Silent disco last year we are aiming for night silence in the camping at 01:00. If you still feel the urge to party and sing after 01:00, you have to move over to the Mandagsklubben tent for Silent disco! This way everyone will have a better experience. **Remember to use our sponsors and vendors!**

Welcome to SCC

Program

Thursday

Gates open	08:00
Food stand	16:00 - 24:00
Event office	15:00 - 21:00
Tech inspection	15:00 - 21:00

Friday

Event office	08:00 - 16:00
Tech inspection	08:00 - 18:00

Show and shine village

At SCC it's all about the love of the aircooled cars and the people that own them, and they are as different as the cars. We have had the great fortune to attract everything from vintage war machines and cars pulled straight out of the ground,

to pure works of art in the custom direction. Add to this the stockers and coach builds and you have a who is who of the whole aircooled scene. With this many variations, trophies to specific styles would be a mess, and that's why we hand out

ten "Outstanding cars" trophies. This allow our team of judges to highlight anything that stands out of the crowd that particular year. At SCC any car is considered for an award, no matter where it's parked. The award ceremony is held on Saturday at 18:00

Are you ready for more Auto Cross?

Total Recall Racing team are back to handle this years Auto Cross like the heros they are! This is FUN! Auto cross is

open to anyone that likes a good time. Saturday is the day, and half way down the race track is the place! The time is 19:00

Saturday! Please don't wander up there before the speaker has told you to. Sign up at the spot 15 minutes in advance.

Der Flugplatz Schmutz Rennen

The FSR has been a snapshot of the fifties rally scene, where normal people competed in rallies with there everyday cars. This year Seaside VW Club is hosting the rally on the classic rally

track along the airport fence. The 20 most vintage rally cars are allowed to race. The rally is just for fun and you are judged on style and persistancy. Sign up by texting, name and buildyear to Kjell Tor-

mod Brekka at 99367911. you must apply at least 30 minutes before the start. There are 10 rally plates available for the participants. The race starts at 11:00 Sunday!

Drag racing info

Now's the time you have been waiting for! The track is there for you to use, take it easy, or stand on it? It's up to you! Your depot is on concrete or asphalt, so please respect your allocated space and your neighbours. Electricity is

included in the depot fee. **Please move your unused trailer and tow vehicle off site.** Make sure you use the clear trash bags you received at the entrance. The event office will be open between 15:00 and 21:00 Thursday. And between 08:00

and 16:00 on Friday and 08:00 and 15:00 Saturday and Sunday between 08:30 and 13:00, this is the place for questions. The technical team as well as the SCC crew will be wearing blue SCC shirts this year. If you can't find the information you need, call the SCC hotline at +4792495271.

So what is CASH DAYS?

Since SCC 2022 we have been working on a new initiative called Cash Days. We wanted to put a little bit of excitement in to the drag racing in Europe! The trend of cash days has been a craze for years in the United states. And in the two last years the grandstands have been full of people at the edge of their seats. A cash days is a cruel judge, your car might be fast, but does it perform everytime? The fastest 32 cars in Europe are in-

cluded to fight it out at SCC 2025.

To be eligible they have to have a recent time slip with a ET that lands them within the 32 spots. The competition is hard, but the reward is substantial. All you need is a fast car, the ability to perform when it counts and the luck of the draw.

The first 16 pairs are drawn, and and proceed to race. The winners draw again to produce eight pairs, and race.

This repeats until there is only two drivers left.

The winner of the last race takes home 5000 euro! And the second place gets 2500 euro!

If you have questions or want to know more, have a talk with our Dragracing Organiser Folke Vogn Haug Pettersen +4793822823

CASH DAYS RULES

1. Technical inspection of cars according to Norwegian/FIA rules and regulations
2. 32 car ladder
3. The heats are determined by draw, new draw after each round
4. First car to cross the finish line wins the heat
5. 5-minute rule applies after first car initiate burn-out
6. PRO-tree start (three yellow light simultaneously before green light)
7. Gentlemen's start applies – both cars must be in pre-stage before going into stage. If a driver goes into stage before the opponent is in pre-stage, both cars must back out of pre-stage and restart the procedure. If this happens more than two times to the same driver, automatic disqualification applies
8. Deep stage not permitted. If a driver goes into deep stage, both cars must back out of pre-stage and restart the procedure. If this happens more than two times to the same driver, automatic disqualification applies
